SECTION C: ENVIRONMENTAL PERFORMANCE RESULTS

Goal 1: FUJIFILM Hunt Chemicals U.S.A., Inc.'s first goal is to reduce the facility's total water use.

This is a challenge goal.

C.1.a Briefly describe your activities and achievements related to this goal or, if relevant, any circumstances that delayed progress this year.

Expanded the closed loop heating process for new products which require heating during batch manufacture. Implemented use of non-treated water for certain products, reducing the amount of water used for flushing deionization system. Currently investigating potential for rainwater collection for use in process or equipment wash. Conducted employee awareness training on environmental goals.

C.1.b Describe the data collection process and data source(s) that you used to measure progress towards this goal.

Monthly water meter readings are recorded in order to track facility water usage.

C.1.c Please report your facility's actual performance.

Goal 2: FUJIFILM Hunt Chemicals U.S.A., Inc.'s second goal is to reduce the facility's materials use, specifically sulfuric acid.

C.2.a Briefly describe your activities and achievements related to this goal or, if relevant, any circumstances that delayed progress this year.

Implemented use of non treated water for certain product lines, reducing amount of sulfuric acid needed for deionization process.

C.2.b Describe the data collection process and data source(s) that you used to measure progress towards this goal.

Yearly purchase records for sulfuric acid, which is currently used only for water deionization.

C.2.c Please report your facility's actual performance.

Goal 3: FUJIFILM Hunt Chemicals U.S.A., Inc.'s third goal is to reduce the facility's packaging materials use.

C.3.a Briefly describe your activities and achievements related to this goal or, if relevant, any circumstances that delayed progress this year.

Note: Company has had personnel changes since renewal application submitted. The 2006 baseline data is incorrect, it should be 1,889,350 pounds. The performance goal should also be revised to 1,720,000. The company did implement reusable containers (totes) for certain product lines. Future bottle weight reductions may not be possible due to existing compliance to CARPC regulation and transportation concerns.

C.3.b Describe the data collection process and data source(s) that you used to measure progress towards this goal.

Specifications and purchase records for plastic containers.

Note: As of May 16, 2008, baseline data was changed from 3,000,000 pounds to 1,889,350 pounds because facility realized they had a reporting error.

C.3.c Please report your facility's actual performance.

SECTION E: SELF-CERTIFICATION OF CONTINUED PROGRAM PARTICIPATION FOR ANNUAL PERFORMANCE REPORT

The U.S. Environmental Protection Agency is not yet in a position to accept electronic signatures and therefore requests a faxed, signed copy of the Section E page. Please complete Section E online, then print Section E using the link on the Overview page. Section E should be signed by the senior manager of your facility and faxed it to the Performance Track Information Center at (617) 354-0463.

On behalf of FUJIFILM Hunt Chemicals U.S.A., Inc., I certify that:

- I have read and agree to the terms and conditions as specified in the National Environmental Performance Track Program Guide. This facility, to the best of my knowledge, continues to meet all program criteria;
- I have personally examined and am familiar with the information contained in this Annual Performance Report. The information contained in this report is, to the best of my knowledge and based on reasonable inquiry, true, accurate, and complete;
- My facility has an environmental management system (EMS), as defined in the Performance Track EMS criteria, including systems to maintain compliance with all applicable federal, state, tribal, and local environmental requirements, in place at the facility, and the EMS will be maintained for the duration of the facility's participation in the program;
- My facility has conducted an objective assessment of its compliance with all applicable federal, state, tribal, and local environmental requirements; and the facility has corrected all identified instances of potential or actual noncompliance; and
- Based on the foregoing compliance assessments and subsequent corrective actions (if any were necessary), my facility is, to the best of my knowledge and based on reasonable inquiry, currently in compliance with applicable federal, state, tribal, and local environmental requirements.

I agree that EPA's decision whether to accept participants into or remove them from the National Environment Performance Track is wholly discretionary, and I waive any right that may exist under any law to challenge EPA's acceptance or removal decision. I am the senior manager with responsibility for the facility and am fully

authorized to execute this statement on behalf of the corporation or other legal entity whose facility is part of the National Environmental Performance Track program.
